FUND OVERVIEW

Actively managed by Signature Global Asset Management, this ETF consists of what the portfolio manager believes are the most attractive opportunities in the European banking sector. In the portfolio manager's opinion, this is an ideal solution to benefit from Europe's ongoing economic recovery, as European banks present an attractive, multi-year, cyclical opportunity currently experiencing improving economic and GDP growth.

¹The Trailing 12 Month Yield is calculated on the Fund's actual distributions paid to investors over the past 12 months based on NAV. All distributions are paid in cash.
²The indicated rates of return are the historical annual compounded total returns, including changes in unit value and do not take into account sales, redemption or optional charges or income taxes payable by a security holder that would have reduced returns. On November 18, 2016, Signature Global Asset Management, a division of CI Investments Inc., commenced investment advisory and portfolio management services for the Fund. Had these changes been in effect prior to this date the performance of the Fund could have been different. The rate of return chart shown is used only to illustrate the effects of the compound growth rate and is not intended to reflect future values of the Index or the Fund or returns on investment in the Fund.
 Use of benchmark: The STOXX Europe 600 Banks Index measures the performance of the European Banks sector as a subset of the STOXX Europe 600 Index, which is comprised of 600 of the largest stocks across 18 European countries. The Index is used as a benchmark to help you understand the Fund's performance relative to the performance of the broader European banks market.

Investment Philosophy

The Signature investment philosophy is designed to deliver the best possible risk-adjusted returns in today's complex environment and is based on these key elements:

The globalization of the world economy has resulted in increased complexity, requiring specialized knowledge.

- Signature has dedicated global equity sector specialists and fixed-income asset class specialists, supported by global strategists.
- Signature has developed its global capabilities over the past 13 years to take advantage of investment opportunities not available in the Canadian market.

The increased interconnectivity of the global economy demands collaboration.

- Signature has recognized that the various segments of the global financial markets (interest rates, credit, foreign exchange, equities, commodities and real estate) are increasingly interconnected, and it's essential for portfolio managers to understand these connections and their implications for the economy, industries and companies.
- Signature equity and income specialists collaborate regularly to develop a comprehensive view of the markets and individual securities.
