**KEY REASONS TO INVEST**

- To generate higher levels of income relative to other government-related bonds, particularly in today's low interest rate environment.
- To further diversify a portfolio, benefitting from the low-to-negative correlation between long duration bonds and equities.
- To benefit from potential capital appreciation as interest rates decline.

**FUND OVERVIEW**

Actively managed by Signature Global Asset Management, this ETF provides exposure to longer dated government bonds, which offer a higher level of income and lower correlation to equity markets. A well-known hedge against equity market dislocation, longer duration government fixed income securities can represent an important component in strategic and tactical asset allocation.

<sup>1</sup>The Trailing 12 Month Yield is calculated on the Fund's actual distributions paid to investors over the past 12 months based on NAV. All distributions are paid in cash.

<sup>2</sup>The indicated rates of return are the historical annual compounded total returns, including changes in unit value and do not take into account sales, redemption or optional charges or income taxes payable by a security holder that would have reduced returns. The rate of return chart shown is used only to illustrate the effects of the compound growth rate and is not intended to reflect future values of the Index or the Fund or returns on investment in the Fund.

Use of benchmark: FTSE Canada Long Term Government Bond Index is designed to track the performance of the long term (over 10 years) government of Canada bonds denominated in Canadian Dollars (CAD). The index is used as a benchmark to help you understand the Fund's performance relative to the performance of long-term government fixed income marketplace.

### Investment Philosophy

The Signature investment philosophy is designed to deliver the best possible risk-adjusted returns in today's complex environment and is based on these key elements:

**The globalization of the world economy has resulted in increased complexity, requiring specialized knowledge.**

- Signature has dedicated global equity sector specialists and fixed-income asset class specialists, supported by global strategists.

- Signature has developed its global capabilities over the past 13 years to take advantage of investment opportunities not available in the Canadian market.

**The increased interconnectivity of the global economy demands collaboration.**

- Signature has recognized that the various segments of the global financial markets (interest rates, credit, foreign exchange, equities, commodities and real estate) are increasingly interconnected, and it's essential for portfolio managers to understand these connections and their implications for the economy, industries and companies.

- Signature equity and income specialists collaborate regularly to develop a comprehensive view of the markets and individual securities.
